

Key Song Progress Record

Which of these songs for tuneful singing can your child sing? (mi sol songs tend to be the easiest to pitch, followed by mi sol la and do re mi). The complexity of the song's rhythm can also play a part.

Why not keep this chart and note down the dates your child makes progress?

	My child can sing this song	My child can now sing this song with accurate tuning and timing
Tap tap tap your knees (mi sol la with descending fa mi re do)
