A hedgehog is very prickly

The final three ‘prickles can be spoken instead of sung if this is more appropriate for the level of the children.

A parent can gently poke the child to show ‘prickly’ or join the hands together with fingers up to look like a prickly hedgehog.

Children and parents may like to suggest other verses such as:

A spider is very tickly
A bear is very huggy
A worm is very wiggly
A bird is very flappy
A fish is very slippery
A crocodile is very snappy
A crab is very nippy
A snake is very hissy
